PLANNED GIVING

GIVING IS BELIEVING

WHAT IS PLANNED GIVING?

Planned giving is any major gift made as part of a donor's overall financial and/or estate planning. These include gifts of equity, life insurance, real estate, personal property, or cash.

Continuing your tradition of giving with a planned gift is an extraordinary statement of your generosity and commitment to your local community. When you make a planned gift, you are acknowledging the issues that impact our community today while ensuring that those issues continue to be addressed tomorrow and into the future. A planned gift to United Way for the City of Kawartha Lakes continues giving beyond your lifetime and ensures that your generosity benefits our community for generations to come. Leave a lasting legacy and make a cause you care about part of your life story.

Several years ago, I purchased a life insurance policy that named the United Way as beneficiary. The process was straightforward, and the cost was affordable. I feel good knowing that my community will benefit in the future from my gift. I hope that others will consider the many ways that anyone can support the community through planned giving.
