

United Way for the City of Kawartha Lakes Funding Guidelines 2023-2024

The Poverty Reduction Strategy Report for the City of Kawartha Lakes and Haliburton County identified areas for focussed work and cross-sectorial investments. This report concentrated on proactive and reactive initiatives to help people in real time but with the goal to reduce and eliminate poverty. The key areas for attention included: children and youth, employment and training, education, food security, affordable/available housing and transportation.
